Report of the President

As a layman, I am constantly inquiring from sources both inside and outside of the hospital as to the standards of medical care delivered to our patients on a day-to-day basis. I think this is our primary concern — patient care. I can report, with real pride, that as far as I can determine we have every reason to have complete confidence in the high standards of care that our patients are receiving. I reported to this effect last year. I feel even more strongly now that this is a valid statement. Our full-time staff, our private physicians, our house staff, our supporting technicians together form a team superbly qualified to cope with medical problems and to carry on the teaching and research programs that are so highly productive. And I have equally full confidence that the administration of the Hospital and all its programs is in very capable hands.

We are all very much aware of the crisis that that exists nationally in the delivery of medical care — too few doctors — spiraling costs of hospitalization — large segments of our population for whom there are inadequate facilities. As the pressure for solutions continues to mount, we feel that we should utilize the great talents at Beth Israel to help in tackling these community medical problems. This involvement adds still another dimension in our endeavor to render complete service across the entire spectrum of medical care. Through our support of the Harvard Community Health Plan and our well-accepted programs in the Roxbury Community, we have already made significant contributions toward a solution to a vital problem.

I want to express my appreciation to our officers, trustees, and committee members for their help and support. On behalf of a grateful community, I would like to express thanks to our staff, full-time and part-time, to our house staff, and to all of the employees of the Hospital who provide so many services so well.

Report of the General Director

The period covered by this report saw several major developments at Beth Israel Hospital:

- (1) Increasing clinical and academic excellence, with corresponding gains in both patient care and the warmth and personalization surrounding it.
- (2) Growing realization by the Medical Staff, Board and community that the furor surrounding the issues of medical care reflected the turbulence of contemporary society as a whole rather than simply an evacuation of "the old order" at B.I.H.
- (3) Compensation to employees gained comparability to that in other industries, but financial pressures from inflation, progressing specialization of personnel and the demands of technology made the hospital bill jump far higher than the rest of the economy. To this dilemma was added the burgeoning cost of new construction, and the realization that, without a windfall of extraordinary proportions, the Hospital never again would be able to build without borrowing. As a result, concepts of planning and building took on new sophistication, with options left open for inevitable change.
- (4) Unfolding awareness that the proper arena of interest for the teaching hospital includes the health of the entire community and that, with or without extensive participation in primary health care, the Hospital must be intimately involved as colleagues with clinical, physicians in the community and with community hospitals.

Because nowhere else in the archives of the Hospital is a brief chronology of events, this report will take that form.

JANUARY 1968

- Dr. John C. Nemiah becomes Psychiatrist-in-Chief
- Medical Intensive Care Unit opens
- Dr. Irving Silverman becomes Director of the Child Care Program in Roxbury

Report of the President of the Women's Auxiliary

It is with great pride that I review my two years as President of the Beth Israel Hospital Women's Auxiliary. I consider it a distinct privilege to represent such an ardent and loyal group of women who are so dedicated to the Beth Israel Hospital.

The sole reason for the existence of the Women's Auxiliary is to "aid and abet the welfare of the Hospital." This purpose is accomplished in a three-fold way: by our volunteer groups, our financial commitment, and our public relations. In these troubled times there is one factor that is constant — the care of the sick without regard to race, color or creed. We serve as the link, promoting not only the welfare of the Hospital, but also that of the entire community.

At the Annual Meeting on November 10, 1968, the Women's Auxiliary had the pleasure of presenting a check for \$75,000 to Mr. Irving W. Rabb, President of the Beth Israel Hospital as payment on the pledge of \$600,000. toward the Respiratory-Surgical Intensive Care Unit. In November of 1969 we were able to top this with a check for \$100,000. This is one of the most vital projects that the Women's Auxiliary has ever underwritten, providing life-saving facilities that are crucial to the critically ill. We also donate \$40,000 each year for certain auxiliary-sponsored budget requirements, bringing to \$255,000 the amount given to the hospital for the years 1968 and 1969. This is obviously a tribute to the generosity and devotion of the Auxiliary.

Funds are raised through our Gift Shop, Thrift Shop, BIB's, Remembrance Fund, Conveniently Yours, Annual and Life Membership dues and enrollments of Friends of the Surgical Intensive Care Unit. A sizeable sum is realized from our annual fund-raising project which has been in the form of a concert "An Afternoon at Symphony Hall" featuring outstanding artists. Misha Dichter was soloist in 1968 and Isaac Stern in 1969. Our grateful thanks to all who worked so hard to make these projects so lucrative. In addition to the financial contribution, our women work as active volunteers in the various departments of the Hospital, saving thousands of dollars in man hours alone and are a vital, indispensable adjunct to the Hospital.

Our branches continue as a component to the Auxiliary, serving as enthusiastic fund-raisers, assisting and supporting the Thrift Shop. They participate in all facets of Auxiliary endeavors and serve as goodwill ambassadors in our outlying districts.

Our Auxiliary Highlights received a new look by merging with the Beth Israel Hospital News. It was felt that in this way our members would receive a more complete and comprehensive view of the Hospital and all its activities and, in turn, the Hospital body would be aware of what we are doing. Only an informed and knowledgeable membership can be a truly dedicated one.

Our sincere thanks to Mr. Irving Rabb, President of the Beth Israel Hospital and to the Board of Trustees who have been a source of inspiration and support in all of our activities.

Our welcome to the incoming President, and our promise of continued loyalty in our mutual endeavor to do everything in our power to help maintain the high standards of the Beth Israel Hospital and the care of the sick. To all our capable, dedicated, enthusiastic women of the Auxiliary — thank you for helping to make this fine report possible.

FINANCIAL STATEMENT
BETH ISRAEL HOSPITAL

ARTHUR ANDERSEN & CO.
BOSTON, MASSACHUSETTS

To the Board of Trustees of
The Beth Israel Hospital Association:

We have examined the balance sheet of THE BETH ISRAEL HOSPITAL ASSOCIATION (a Massachusetts corporation) as of September 27, 1969, and the related statements of income and fund balances for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. We have previously examined and reported on the financial statements for the preceding year.

In our opinion, the accompanying financial statements present fairly the financial position of The Beth Israel Hospital Association as of September 27, 1969, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Arthur Andersen, C.

Boston, Massachusetts,
December 10, 1969.

NOTES TO FINANCIAL STATEMENTS

September 27, 1969

(1) Building Fund Program and Related Financing

The Hospital initiated a Building Fund campaign in 1966 to provide new facilities at a total estimated cost of \$12,600,000. Funds are to be provided for this project as follows:

1966 Fund campaign	\$8,700,000
Remaining unapplied pledges of 1960 Building Fund	1,100,000
Estimated Federal government assistance	2,800,000
	<u>\$12,600,000</u>

Construction of the new facilities began in 1966, and costs incurred on construction through September 27, 1969 amount to approximately \$9,210,000.

In June, 1967, the Hospital arranged with a bank for the temporary financing of the Hospital's construction program. At September 27, 1969, loans of \$4,723,000 had been made to the Hospital which are secured by Development Fund pledges. The loans are due on demand and interest is payable at the rate of $\frac{1}{4}$ of 1% above the Boston prime interest rate. The Hospital has agreed that should the loans exceed Development Fund pledges, the Hospital's unrestricted endowment funds would be available to pay any balance due on the loans outstanding as of January 1, 1972. The construction loans exceeded the Development Fund pledges in the amount of \$1,853,000 at September 27, 1969.

(2) Property, Plant and Equipment

Hospital property, plant and equipment as of September 27, 1969 is summarized below:

	Cost	Accumulated Depreciation	Net
Land	\$ 229,354	\$ —	\$ 229,354
Buildings and improvement	11,544,173	3,774,828	7,769,345
Equipment	15,331,838	5,532,143	9,799,695
	<u>\$27,105,365</u>	<u>\$9,306,971</u>	<u>\$17,798,394</u>
Construction work-in-progress	2,498,827	—	2,498,827
	<u>\$29,604,192</u>	<u>\$9,306,971</u>	<u>\$20,297,221</u>

Buildings, building improvements and fixed equipment are depreciated on the sum-of-the-years digits method and movable equipment is depreciated on the straight-line method over their estimated useful lives.

(3) Harvard Administered Grants

The salaries and expenses shown for research and education do not include substantial amounts for grants administered by Harvard University for work done at Beth Israel Hospital. However, the statement of income includes overhead reimbursements received by the Hospital attributable to Harvard administered research.

(4) Pension Plans

The Hospital has a noncontributory pension plan for substantially all of its employees. Pension plan expenses charged to income amounted to \$188,900 in 1969 and \$183,400 in 1968 which include \$78,900 in each year for amortization of past service costs over a ten-year period. In addition, the Hospital incurred \$168,900 for pensions of doctors covered under the Harvard University retirement program and for other pensions under informal pension arrangements. It is the Hospital's policy to fund pension costs as provided in the accounts.
